VIGIL@NCE

Vigil@nce is designed to be directly used by your services on a daily basis to make sure your systems are constantly secured.

This technological survey comprises two key aspects:

- ➔ Availability of information on a web server (vulnerabilities and countermeasures).
- ➔ Issue of alert e-mail messages announcing the discovery of important vulnerabilities.

TERMS AND CONDITIONS OF THE SERVICE

The Vigil@nce service includes the following elements:

- ➔ vulnerabilities for components selected on page 2 and 3,
- ➔ vulnerabilities for optional components selected on page 4,
- ➔ 3 logins and passwords that can be distributed to a maximum of 10 users,
- ➔ web server access describing vulnerabilities displayed using 3 profiles (complete access, without attacks, synthetic) corresponding to the above logins,
- ➔ e-mail alert once an important vulnerability is discovered (level 4),
- ➔ daily e-mail summary of new vulnerabilities and/or updates,
- ➔ weekly e-mail listing all the countermeasures of the week

This service is exclusively reserved to department listed on page 2.

This service is in French. It is available in English upon request.

DURATION OF THE SERVICE

The subscription is decided for an initial period of one year, after which it can be renewed by tacitus renewal, unless termination by one or the other of the contracting parties, which has to be done with a month's notice sent by registered letter including an acknowledgement of receipt.

The service is opened once AQL - Groupe Silicomp is in possession of the order form which has been signed and fully completed.

COST AND PAYMENT TERMS AND CONDITIONS

- ➔ The cost of a yearly subscription in French or English language is **5 300.00 € VAT excluded**.
- ➔ The global amount of the subscription fee (standard+options) is indicated page 4.
- ➔ Once the order form has been received, the invoice is addressed to the person in charge within the client company.

OPTIONS

- ➔ Adding a component costs **150,00 € VAT excluded** the first year and becomes free after. Each new component is integrated in the survey perimeter after qualification by Vigil@nce's technical team.
- ➔ A monthly CDROM can be sent by snail mail. This CDROM contains a static copy of the Web site. Search functionalities are not available. Delivering 12 CDROMs costs **450,00 € VAT excluded**.
